

Del West is a high precision manufacturer of Auto Racing Engine Components (Nascar, F1, MotoGP) located in Valencia, CA. We are seeking a skilled **Facilities Technician** to join our team.

Facilities Technician

Job Summary:

This hands-on role primarily focuses on electrical, plumbing, and HVAC installations, repair, and maintenance across two facilities. The ideal candidate will be responsible for troubleshooting, performing repairs, and conducting preventive maintenance to ensure the efficient operation of our facilities.

Key Responsibilities:

- Perform troubleshooting, repair, and preventive maintenance of electrical, plumbing, and HVAC systems.
- Maintain and repair facilities' electrical infrastructure, including 120/208V and 277/480V systems.
- Work closely with facilities management to schedule and oversee daily facility operations.
- Assist other departments when needed to meet project milestones or deadlines.
- Ensure compliance with local electrical codes and safety regulations.
- Read and interpret electrical schematics, diagrams, and blueprints.
- Utilize hand tools and machinery for facility maintenance and repair.

Qualifications & Skills:

- Hands-on experience in electrical, mechanical, and electronic systems.
- Strong ability to plan, organize, and schedule activities while maintaining detailed records.
- Ability to follow projects from inception to completion with minimal supervision.
- Open-minded team player who values collaboration and input from colleagues.
- Strong customer service skills with a focus on responsiveness and problem-solving.
- Excellent oral and written communication skills.
- Basic computer proficiency for documentation and scheduling.
- Proficiency in using hand tools and machinery related to facilities maintenance.

Salary: \$28.00-\$32.00

Schedule: 10-hour shift – Monday to Thursday (2nd Shift)

This role is ideal for a detail-oriented and proactive professional who thrives in a dynamic environment. If you have a strong technical background and a passion for maintaining high-functioning facilities, we encourage you to apply!
